

Consumer Bankers Association tring to weaken our Indiana Telephone Privacy Law. By going throw the FCC to see if you will order it so that they can start calling us with phone calls that no one wants or needs. We of Indiana do not want nor do we need "BIG BROTHER PUTTING THEIR NOSE INTO OUR LIFES ANY MORE THEN YOU ALREADY HAVE".

As a Matter of fact, our elected officials of the State of Indiana seem to have our welfare more in mind than the Feds. Please leave us alone, and respect our law....
